#### Experience

Martin has 20 years experience as a qualified architect working in the UK, Italy, USA and Asia. He has specialist knowledge in traditional and sympathetic solutions for extensions and renovations of historic buildings. He is well versed in all stages of a project, from design and planning stages to contract management activities on site. Martin specialises in construction knowledge of technical details, especially in regard to historic buildings.

More recently, he has been project architect for the prestigious renovation of a Grade II\* Listed house in Westminster, responsible for the project from concept design to construction on site (RIBA Stages 2 to 4).

#### Grade I Listed Buildings

**Chester Terrace, Regent's Park:** Architectural Assistant. Residential interior renovation and alteration works to a private dwelling. Assisted Job Architect with contract drawings and site activities.

#### Grade II\* Listed Buildings

**Cowley Street:** Project Architect. Renovation and extension of an early Georgian Grade II\* listed terrace house. Produced all planning drawings, building regulations and detailed tender drawings on Autocad. Acted as lead consultant and coordinated all the other consultants and specialist disciplines. Main Building Contract awarded and site work is presently ongoing.

**Woodcote Park:** Architectural Assistant. Large extension and renovation of the Grade II\* listed Clubhouse (RIBA Work Stages 1-2). Responsible for delivering all planning application drawings and coordinating all CAD drawings within the various disciplines in the Design Team.

#### Grade II Listed Buildings

**Bedford Gardens:** Architectural Assistant. Production of detailed planning application drawings and subsequent planning conditions drawings for an extension and new basement to a listed residential building.

**Winnington Road:** Architect. Design of two new-build detached houses in the Hampstead Garden Suburb, with basements and internal swimming pools. Involved in all aspects of the job from planning to completion (RIBA Work Stages 3-6). Contract Value 8.5 million. Acting as Lead Consultant and Contract Administrator during construction. In charge of ensuring compliance with the Code for Sustainable Homes. Prepared and attended planning appeals on behalf of the client.

**Egerton Crescent:** Architectural Assistant. Production of planning drawings for an extension and new basement to a listed residential building.

#### Previous Employment

**2011-2012** Richard Wallis Ltd, London, Architect. Intermittent freelance work for small architectural practice during 2011 to 2012, detailing a small residential 5 story building in London.

**2004-2005** Plan and Design, Oxford, Architect. Small design consultancy specializing in loft conversions, renovations and extensions.

**2001-2004** Nightingale Associates, Harwell, Oxfordshire, Architect. Large architectural practice specializing in health care and educational buildings. Project Architect for the John Bull Building, Peninsula Medical School, Plymouth

**1996-2000** Philip Tsang Architects Ltd, Hong Kong, Architectural Assistant.
